WISCONSIN DEPARTMENT OF TAXATION

BULLETIN NO. 166

APRIL, 1953

VILLAGE TAXES

1952

THE LIBRARY OF THE

MAY 5 1953

UNIVERSITY OF ILLINOIS

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with the policy begun last year, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax).

UNIVERSITY OF ILLINOIS

VILLAGE TAXES

1953

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax).

VILLAGE TAXES

1954

THE LIBRARY OF THE

FEB 7 1955

UNIVERSITY OF ILLINOIS

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax).

WISCONSIN DEPARTMENT OF TAXATION

BULLETIN 255

MARCH 1956

VILLAGE TAXES

1955

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax).

VILLAGE TAXES

1956

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)

WISCONSIN DEPARTMENT OF TAXATION

BULLETIN 257

MARCH 1958

VILLAGE TAXES

1957

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)

VILLAGE TAXES

1958

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)

WISCONSIN DEPARTMENT OF TAXATION

BULLETIN 259

FEBRUARY 1960

Village Taxes 1959

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village Clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)

WISCONSIN DEPARTMENT OF TAXATION

BULLETIN 260

MARCH 1961

VILLAGE TAXES

1960

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village Clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)

WISCONSIN DEPARTMENT OF TAXATION

BULLETIN 261

MARCH 1962

VILLAGE TAXES

1961

The basic data for the information presented in this bulletin is obtained from the "Statement of Taxes and Indebtedness" submitted to the Wisconsin Department of Taxation by the village clerks. In line with our previous policy, levies for school tuition and transportation have been transferred from Local Tax (Column #11) to School Tax (Column #13). This transfer is necessary because those villages which are part of a high school district show school tuition and transportation levies in Column #13 (School Tax) whereas those villages not part of a high school district show school tuition and transportation levies in Column #11 (Local Tax). It is the intent of the transfer to show all taxes levied for school purposes in only one column, namely, #13 (School Tax.)
